

About us

St. Leonard's Church is a Grade 2 listed building situated in the centre of Padiham. It is less than 4 miles from Burnley and approx. 9 miles from Blackburn. It is close to the M65 motorway (2 miles), being only 4 minutes from Junction 8 and 9 minutes from the Blackburn Junction (6).

Not only is there considerable off-street parking, there are 6 public car parks within 100 metres of the church. *There are no charges for parking in Padiham!* As well as a direct front entrance into the church, there is also a gentle ramp for access by the disabled.

St. Leonard's has recently completed major works to upgrade its meeting rooms, toilets and kitchen facilities. These facilities are being made available to the general public for use as meeting venues for groups, conferences, funeral teas, etc.

The facilities that we have to offer are:-

A large meeting room (The Green Room) – with seating for approx 70. Serving doors from the kitchen open into this room. There is also direct access to disabled toilets.

A small annexe off the Green room – is suitable for a small group meeting of approx 12 people. There are folding doors to isolate this from the Green room if required.

There is also a balcony, which will offer seating for approx. 40 – 50 people

At the far end of the balcony, our 'Waddilove Room' – which will seat approx. 30 people, is another well-lit meeting room suitable for small conferences. A projector with a screen is available.

Our kitchen boasts amongst other items, an oven, a microwave, a fridge, a toaster, ample crockery together with considerable flat surfaces for food presentation.

Access to the church, which can seat approx. 300 and has a hearing loop, can be gained without going into the meeting rooms, although there is access from the Green Room or the toilet area.

We are able to offer any or all these facilities, for hire on an hourly, half or full day basis. We can also offer light refreshments or light buffets if required.
